Empowering CPR instructors

From bystander CPR classes to professional training programs, Laerdal's resuscitation solutions have evolved to utilize technology in order to deliver training in new ways.

Train community lifesavers online COVID-19 changed the way CPR training is delivered. Anniewhere enables instructors to teach CPR skills online with real-time objective feedback.

Create high-performance teams TeamReporter app combines CPR performance data and intelligent video debriefing to optimize high-performance team training.

Don't miss our Webinar on December 8th, 3pm CT "Virtual CPR Skills Assessment with Anniewhere - AHA Compliant"

ACCESS TO EVENT SITE

EDIT YOUR PROFILE:

• TO ADD CONTACT INFO:

- Click on the white section under 'phone number' and enter text.
- Click on the text box under "description" to share more about yourself and/or add descriptive tags.

• TO SAVE:

- Save your profile once you have finished filling out each section you wish by clicking on the orange 'Save' button.

NOTIFICATIONS:

- Allow notifications to remind you when sessions start or if someone sends you a private message.
- You are automatically opted-in to receive event-specific notifications for things such as event start times and reminders, as well as receipt of private messages from other attendees.
- Opting out can be done by changing your notifications in the preferences tab on your Edit My Profile page.

CHAT WITH US AT OUR US AT OUR VIRTUAL BOOTH! & find out how to win a Prestan Ultralite 4-pack!

WorldPoint at the heart of your training

> 10:50-11:00 AM CST 11:50 AM-12:00 PM CST 12:50-1:00 PM CST 1:50-2:00 PM CST 2:50-3:00 PM CST

PERSONAL TECH SET UP

INTERNET:

For the best experience, we recommend you join the conference using the most recent version of Google Chrome.

While other browsers work with the system including Firefox, Safari and Edge, we find that Chrome offers the best experience for most. The virtual conference site does not support Internet Explorer.

American Heart Association®

Provide 24/7 Access to Life-Saving AEDs in Your Community with SaveStation

savestation.ca | info@savestation.ca

PERSONAL TECH SET UP

VIRTUAL INTERFACE:

The event website uses Zoom for face-to-face video meetings. While you won't need Zoom to view every session, you will if you'd like to connect 1:1 with Citizen CPR Foundation Virtual Summit Exhibitors or private meetings.

TECH SET UP:

- Please ensure that you have a working webcam and microphone built in to your computer if you plan to utilize the virtual meeting features.
- For best viewing and streaming results:
- Turn off all bandwidth using devices (i.e. Outlook, Google Drive, Dropbox, Wrike, etc.) and close any web browsers or applications running on your computer.
- Kindly ask any other your household or space to withhold from streaming services such as Netflix while viewing sessions.
- If you lose connection at any point of viewing a session, try to refresh your page first, then if needed restart your computer and log back into the event website and click back into the session.
- Email info@citizencpr.org at any time if you need help setting up or troubleshooting.

INNOSONIAN AMERICA

Innosonian are proud to be a Platinum Partner of the Citizen CPR Foundation

Please visit our Virtual Booth to find out more about our award winning Brayden range of advanced CPR teaching solutions, including the new Brayden Online system.

Brayden Online can be used in an Instructor led environment or as a completely self-directed system – enabling quality CPR learning whilst maintaining social distancing.

Please attend our Platinum Partner Session on Wednesday Dec. 9th at 15:00 (Central) where we'll be covering the NEW Brayden Online system and the NEW Brayden Baby Pro

CREATE YOUR PERSONALIZED AGENDA:

Visit the 'Agenda' page and create your 'My Agenda' by selecting the sessions you want to attend. Then spend some time familiarizing yourself with the Citizen CPR Foundation Virtual Summit 2020 sessions. By selecting the sessions you want to attend, your event calendar will fill out – showing other attendees your availability for one-on-one meetings. You will also be able to export your schedule and add to your personal calendar.

CPR add-on kit solution

CPR Add-on Kit is a customized upgrade kit, compatible with almost all manikin types out in the market. It can be mutually connected with various software, optimized training is possible using different software in a different training environment.

Available apps

for basic Hands-only CPR training for lay rescuers. Its distinct LED and sound feedback and educational contents, help the students to learn CPR more effective and efficient. The cprCUBE PRO can be also linked to the Remote application mentioned above so it is suitable for instructors and students who have difficulty in face-to-face training due to the long-distance or covid19.
